

TENGRI GLOBAL GROUP LTD

Global Franchise Information Pack

A practical overview for prospective territory, regional and specialist partners

Company number	17414262
Registered office	128 City Road, London, United Kingdom, EC1V 2NX
Incorporated	21 August 2026
Website	www.tengriglobalgroup.com

The Opportunity

The Tengri franchise and partnership model is intended for qualified entrepreneurs and organisations that want to develop approved Tengri services in an agreed territory. The exact legal structure, rights, fees, exclusivity and revenue model are documented individually for each market.

What a partner may represent

Depending on the agreement: company-formation coordination, websites and ecommerce, software and automation, advertising and media, real-estate introductions or marketing, and other approved Tengri services.

What Tengri Can Provide

Brand & positioning

Approved use of the agreed Tengri brand identity and market positioning within the territory and service scope.

Service catalogue

Access to defined group capabilities so the local partner does not need to build every delivery team from zero.

Sales enablement

Proposal structures, presentations, qualification checklists, marketing material and onboarding guidance.

Central delivery support

Specialist delivery can be coordinated with the relevant Tengri capability or approved third-party professionals where required.

Systems & growth

Digital presence, CRM/lead-flow concepts, campaign support and operating playbooks can be included based on the commercial package.

Possible Partner Models

Country / Master Partner

For larger markets where a partner may develop country-level business and, if expressly agreed, support sub-partner growth.

City / Regional Partner

For a defined local territory with an agreed service scope.

Business Hub

A multi-service local front end that can qualify client needs and connect them to suitable Tengri capabilities.

Specialist Partner

Focused on one service line such as web, advertising, company formation coordination, technology or property-related opportunities.

Application & Next Steps

1. Initial enquiry and market information. 2. Partner profile and capability review. 3. Territory and service-scope discussion. 4. Commercial proposal. 5. Due diligence and legal documentation. 6. Brand and operational onboarding. 7. Launch plan and ongoing review.

No franchise, territory exclusivity, earnings level, client volume or regulatory authorisation is guaranteed by this information pack. Binding rights arise only from executed agreements and applicable local law.
